

Assistive Technology for New Special Education Teachers

WHEN

January 14, 2025
4:00 pm – 5:00 pm

Registration Deadline: January 7, 2025

CLASS DESCRIPTION

The Individuals with Disabilities Education Act (IDEA) mandates the school system's responsibility to provide assistive technology devices and services to students with disabilities. Assistive technology devices are any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of children with disabilities, not to include surgically implanted devices. The definition of an assistive technology device is very broad and gives IEP teams the flexibility that they need to make decisions about appropriate assistive technology devices for individual students. This class will discuss what assistive technology is and how it can help your students succeed by providing equal access.

TARGET AUDIENCE

New Special
Education Teachers

COST

\$0 in Region
\$35 Out of Region

ZOOM SESSION:

Jan. 14, 4:00pm –
5:00pm
