## CLASS DESCRIPTION

This class will run from August 27th through September 10th. A productive Individualized Education Program (IEP) meeting requires that the IEP team- teachers, families, and related service providers - have the resources they need to collaborate to create measurable, legally defensible, and truly individualized IEPs for students. In this class, participants will explore some of the most crucial aspects of creating and implementing effective IEPs that increase student achievement. The class is organized into three modules: how to complete each section of the IEP; how to prepare for an effective meeting, and transition planning.
