Registration Deadline: March 6, 2025

CLASS DESCRIPTION

"To me, strategies are deliberate, effortful, intentional, and purposeful actions a reader takes to accomplish a specific skill. Strategies make the often-invisible work of reading actionable and visible." (Jennifer Serravallo, author of The Reading Strategies Book 2.0) The course will be a collaborative setting for K-8 teachers to analyze where readers fall on the learning progressions within a reading goal to determine the next instructional steps. Participants will have the opportunity to dig into Serravallo's newest Reading Strategies Book 2.0 to develop strategy group lessons complete with teacher moves and language that can be immediately implemented during the reading block. This targeted instruction will support the achievement of every reader as the invisible work of reading becomes actionable, visible, and replicable.
