

# Understanding a Psychoeducational Evaluation to Provide Specially Designed Instruction

## WHEN

June 20, 2025  
8:30 am – 3:30 pm

**Registration Deadline:** June 13, 2025

## CLASS DESCRIPTION

Reviewing a psychoeducational report may seem to be intimidating to some, but it is one of the most powerful resources educators can use. The psychoeducational evaluation report details a student's strengths, weaknesses, and neurological development. School psychologists and other identified professionals conduct a battery of assessments that guide the process and development of a student's evaluation report. This information is used by educators and families when making educational, academic, and functional decisions for students with disabilities. This session will provide participants with a deeper understanding of how to understand the implications of a psychoeducational evaluation and the application of this understanding when making instructional decisions in the classroom setting.
